

Proper Etiquette, Sportsmanship, and Scoring Rules

In order to promote good sportsmanship, we are replacing the current rules regarding scores.

The new rule will be enforced as follows:

When a team goes up by more than 5 goals, they will have to play down a player

Up by 6, pull 1 player.

Up by 8, pull a 2nd player

Up by 10, pull a 3rd player

Each win will stand at 3 points, a tie is 1 point, and a loss is 0 points. These points are added together to determine placement for the Dragon Cup tournament in July. In case of a tie in points, score differentials are added for all games.

This rule is in affect as of June 3, 2021 to promote sportsmanship towards **ALL players**.

A reminder to everyone that teams stand on one sideline of the field on separate halves and parents and spectators watch from the opposite sideline.

Remember that this is a recreational league design to teach soccer rules, sportsmanship, and proper soccer etiquette. Any disregard of these rules will result in disqualification.
